Issue 17

Special points of interest:

- ✓ Faction Carnival
- ✓ Principal's Message
- ✓ Harvey Cricket
- ✓ Dental Van
- ✓ Room D projects
- ✓ Highway Heroes
- ✓ Room B projects
- ✓ Year 6 camp
- ✓ Year 6 fairy houses

Well done to Red Faction for being the victorious faction on the day! It was a close race to the finish, after jumps day ended with only 35 points separating 1st and 4th place. But the team games is where Red really shined and pulled ahead of the pack, coming first or second place a whopping 80% of the time!!

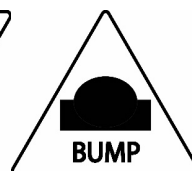

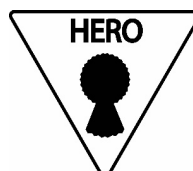

Final scores were: Red 1332, Green 1180, Blue 1166 and Gold 1034

Interschool Jumps is Tuesday 2nd November, Athletics is Friday 5th November. Good luck to our team!

	CHAMPION	RUNNER UP
YEAR 1	Lucas Bridges Yumi Newton	Ethan Taylor Olivia Blackburn
YEAR 2	Brayden Cable Taylor Sherlock	Wyatt Praed Allirah Cole
YEAR 3	Kayden Garbutt Eva Gugiatto	Carter Thompson Lenny Clarke McKenzie Bozanich
YEAR 4	Wyatt Bonner Jaxon Fryer Briella Scantlebury	Jude Manton Dionne Baliguat
YEAR 5	Jaxon Garbutt Kailee Hernaman	Beau Paskell Julani Pergoliti
YEAR 6	Charlie Martin Eva Italiano	Cairo Simpson Josie Ockwell

Principal—Mr Romeo

Message From Mr Romeo

Dear Families and School Community,

What a fantastic day we had last Friday for our athletics carnival. The weather was great, the day ran smoothly, the students, family members and staff enjoyed the experience of our carnival. On the day we saw our Harvey PS virtues well on display, with students showing sportsmanship, cheering on their fellow factions and peers and persistence demonstrated throughout all the events. Congratulations to Red faction who were our overall winners and congratulations to our championship runner ups and winners, but to all our students I say well done. A huge thank you to Miss Starkie for all the organisation of the events and the running of the day. I would also like to thank Christie, our school gardener, and Mr O'Shaughnessy for marking the track, as this is a huge job that needs to be done. Thank you to the P & C members for organising the food and all our parent/family members who helped out on the day. Also thank you to the families who came along and cheered on their children.

The next stage for our athletics is the interschool jumps day and the interschool carnival day. These events are being held next Tuesday 2nd November and next Friday 5th November at Eaton PS. Miss Starkie has been sending home notes to those students who will be representing Harvey PS. I wish all our representatives the best of luck.

For those of you who may not be aware, Mrs Kim Frichot finished up in her Special Needs Education Assistant role last Friday. Mrs Frichot has picked up a position in another industry and I would like to wish her all the best in her new job. Mrs Frichot has been a wonderful staff member at our school for a number of years and she will be missed. Ms Krystal Brown has been appointed in Mrs Frichot's position for the remainder of the year.

The P & C Paper Plane challenge will be happening on Friday 19th November. This year there will be a couple of changes. A note will be coming home today explaining the event and the cost.

Our next assembly is Thursday 28th October and the item will be presented by the Year Two class, Room C. The assembly begins at 8:40am in the undercover assembly area.

We have a school development day coming up in Week 5 on Friday 12th November. This is the day where staff come to school for professional learning. Students do not attend school on this day so please make sure you are aware of this.

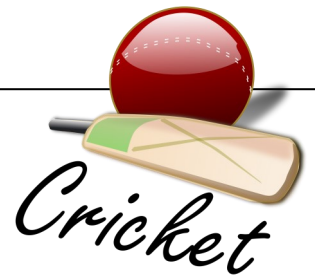

A reminder that, if you know that your child or children are not attending Harvey Primary School in 2022, can you inform the front office, by phone or email, as we will be looking at class structures very shortly. Schools are funded based on student numbers and we will need to know the number of students we will have for each year level so we can organise the classes accordingly.

Year 6 students going into Year 7 in 2022 will need to have their enrolment forms to their high schools before transition days, which are being held later this term. If you have not put in your enrolment form to the high school please do so as soon as possible.

I look forward to another awesome term at our school.

Regards

Jason

Interested in Cricket?

Master Blasters (boys and girls aged 7 to 10)

Master Blasters program is shorter than traditional cricket, with a maximum of 90 minutes playing time. All the equipment is supplied and the games take place at the same venue each week Thursday afternoon. Ideal for those players that have developed skills from the Junior Blasters program but not required. Master Blasters starts on Thursday 4 November 2021 from 4:15pm

Junior Blasters

Junior Blasters is for those players that are developing skills required to play cricket. Depending on age and ability, players normally have two years in this program before progressing to Master Blasters. However if a player can bowl and bat without assistance and is aged 7 and above then they should be enrolled in Master Blasters. Junior Blasters starts on Thursday 4 November 2021 from 4.30pm.

Sign up can be completed online at www.playcricket.com.au or come down and have a go at the Harvey Recreation Ground, near the cricket nets.

To parent/s and carers,

The School Dental Service is a public health program which provides free general dental care to students who attend a Western Australian Department of Education recognised school aged 5 to 16 years or until the end of year 11.

The Dental Mobile will be shortly coming to Harvey Primary School, we will be open for appointments and enquires from Monday 15th.November.

Hours of operation: 8:15am till 3:30pm Monday to Thursday.

Due to our time restraints we shall only be issuing new enrolments to pre-primary students.

All parents/ caregivers are asked to come to their child's appointment

Please contact the Dental Mobile if you have any questions/ concerns, if your child has a toothache or would like to make an appointment on: 0417 291 951
harveymobile@health.wa.gov.au

Looking forward to seeing all those bright smiles,

Dental Mobile Staff

Room D Pet Projects

All of the students in Room D Year One/Two recently researched their favourite pet and completed a written report. Everyone was thrilled with their fabulous posters!

Student Services SMS: 0408 945 857

SMS is a quick and easy way to send us attendance and bus messages.

Absences can also be submitted to the school through Connect.

Regular attendance makes a difference to your child's education

HIGHWAY HEROES

In Highway Heroes for Term 4, Years 1-3 students are focusing on Strategies 4 Managing Me, looking at the emotional highway and resilience. Years 4-6 are focusing on Connecting 4 Friendships, beginning to talk about friendliness and The Friendliness SPICE.

YEARS 1-3:

As children travel through life, a very important part of being able to cope with social, emotional and learning issues is resilience. Resilience is a part of being able to bounce back from adversity. In teaching children how to be resilient, we are helping them to develop the skills to cope with difficulties. A very important part of helping children to develop their resilience is teaching them how to monitor and manage their emotions and feelings. Resilience is built on a foundation of maturing emotional awareness. By acknowledging a child's emotions, talking about these and bringing awareness to these, children develop their ability to self-regulate—the essence of resilience.

YEARS 4-6:

Most children will say the best part of coming to school is being with their friends. Last fortnight's lesson is all about learning the skills to make and keep friends, join in on games and respond to some of the difficulties that can occur along the way. Friendliness is a set of behaviours that are easily recognised and can be acquired by anyone with motivation and patience. Students have been introduced to The Friendliness SPICE, a handy and memorable acronym for a 'friendliness package'. The Friendliness SPICE highlights friendly behaviours and encourages students to **S**mile and **S**ay hello, **P**raise, **I**nvite, **C**hat and **E**njoy. Through role-play, students have been practising these skills.

Year 3 - Room B Indonesian Batik

The students in our class have been learning about Indonesia and the traditional way they make batik. Then we made our own batik.

In Indonesia they would make a pattern on material and then trace over it with hot wax before dyeing the cloth. We used a flour paste instead of wax.

In Indonesia, hand-made batik is very expensive as it is very hard to make and can take months to produce a piece of fabric. It takes a lot of practice and skill.

Our finished products are bagus sekali!

Here are some photos of the process we used to make our batik with Mrs McKenney and Ibu Sarah.

2021 Year 6

Enchanted Fairy Houses and Stones

The Year 6 Art Students have worked extremely hard in designing and creating an enchanted home for magical guests to come and visit.

The students have been creating art works for the community and have focused in on our school community. They will be out for display throughout Term 4 and will be accompanied by some special enchanted doorway stones.

Please feel free to play with these artworks at recess and lunch times but remember to pop them back where you find them so that someone else can find and discover it.

Enjoy using your imaginations ...
